

## **Bureau of Milwaukee Child Welfare Oral Presentation Job Aid**

***Instructions to the Ongoing Case Manager and Supervisor:*** Use this outline to prepare your **10minute** oral case presentation for the child's Permanency Consultation.

1. Briefly describe the child (age, gender), the child's family (including any siblings in care), and the child's current living situation.
2. Explain why BMCW is involved with this family/child (what is the identified present or impending danger threat(s) and diminished protective capacities and what is needed to implement an in-home safety plan).
3. Describe the child's challenges and needs (physical, social/emotional/behavioral, developmental) that may be affecting progress toward permanency.
4. Describe the birth parent(s)' challenges and needs that may be affecting progress toward permanency. What is the current level of engagement?
5. State the current permanency plan for this child. If it is not reunification, please explain (what progress has the mother/father/guardian made toward enhancing diminished protective capacities).
6. Describe the services and supports being provided for this child, indicating what is/is not working and, in your opinion, why.
7. Describe any court processes that may be affecting progress toward permanency in this case including level, frequency and location of family interactions with parent(s) and siblings.
8. Describe other significant relationships with caring adults in the child's life.
9. Describe other issues, challenges, needs that may be affecting progress toward permanency.
